#### **DETAILED ACTION**

### **Priority**

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

## **Specification**

2. The examiner respectfully suggests that the Applicant carefully review the specification for idiomatic and grammatical errors, which may have inadvertently overlooked.

## Claim Objections

3. Claims 4 and 6 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim.

Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claims 4 and 6 both recite the limitation "electrical conductors which comprise electrical conductors".

This is apparently not further limiting.

#### Allowable Subject Matter

- 4. Claims 1 6 are allowed.
- 5. The following is a statement of reasons for the indication of allowable subject matter: While antennas being located within a vehicle lock is known as is shown by the cited prior art, the combination of an antenna contactlessly integrated into a bundle of electrical conductors in combination with the lock or antitheft system of a vehicle is not shown or suggested by the prior art of record.
